

London

3rd December 1932

Dear Sirs,

S/S " DICTO "

We beg to acquaint you that the Owner has requested to have the above vessel surveyed for freeboard at Hamburg where it is understood the vessel is now lying.

The Norwegian Authorities have no particulars regarding the freeboard of this vessel but we have cabled the London Office and asked them to forward you the available particulars which they have by air mail.

In writing your report we have to request that you will be guided by the London Office letter of the 17th August regarding freeboards for Norwegian Ships and we wish to draw your special attention to the requirements for Timber Cargo freeboard should the Owner desire to have this freeboard assigned. The Owner's superintendent will be on the vessel.

We are, Dear Sirs,

Yours faithfully

S. Lohstein

THE SURVEYORS

HAMBURG.
