## INTERNATIONAL CONVENTION 1930 RESPECTING LOAD LINES.

### RENEWAL SURVEY IN ACCORDANCE WITH ART. 14 OF THE CONVENTION.

(Port) New Orleans, La.

(Date) 6th November, 1937

I have to report that I have surveyed the Steel Screw  
Steamer "Vestvangen" of Oslo O.N. --  
on this date.

I have compared the arrangements on board the ship with  
those given in the original freeboard report and I have found them to be  
in agreement therewith or equivalent thereto, and the whole to be in efficient  
condition.

A provisional Certificate for 6 months has been issued at this  
time until arrival of new Certificate.

The freeboard marking has been verified and found to agree  
with the freeboards given on certificate No. -- dated --  
which is returned herewith.
