

"LOUIS JOLLIET".
=====

Mtl. 4706.

This case was fully stated in an endorsement dated 24.3.38.

The vessel built in 5,38 has now been fitted with engines and boilers taken from two other vessels previously classed with the Society.

It is submitted that this vessel is eligible for the record LMC 5,38
S(CL) 5,38
N.E. & B 10 refitted '38.

Record - E & B made '10 refitted '38 R.S.

It is concluded the boilers are still fitted with forced draught, but this should be confirmed. If such is the case the NHP will be 211, otherwise it will be 178.
