

TEMARA

18-4-50.

Owner's complained of "obstruction" by the Hull Surveyors.  
 Mr. MacMillan, Hull verbally reported that he had  
 received a telephone call from Mr. Hill of the Plym S.S.Co. &  
 Hill was quite satisfied that the Society's Surveyors were taking  
 a reasonable attitude in regard to certification of this ship for one  
 voyage

In Mr. Lewis to return  
 deferred report to Inst. —
