LISBON.

s.s. "Sunflower"

Dear Mr.Gunner,

I have to thank you for your letter of March 20th and would state that arrangements are being concluded to dry-dock the above during the coming month of May when the tailshaft will be drawn for examination in accordance with requirements.

The s.s. "Sunflower" is at present in excellent condition and has a busy programme up to the time allotted for her docking so that a little latitude in such regard is permissible.

With kind regards,
Yours faithfully,

JBR/DL.
