

19th December, 1961.

KOBE.

9569, 655, 713 - As recommended.

RMC 9732, 60, 69, 85, 86, 94 - As recommended.

RMC 9691 "HIYEHARU MARU" - As recommended, except that the notation SRMC 11.61 has not been assigned, as it would appear that the aft gas condenser and inboard gas evaporator require to be tested. Please forward your comments and issue an amended interim certificate, if necessary, with a copy to this Office.
