Received from Chief Engineer Surveyor.....

SHIP'S NAME M/S HIYEHARA MARU

REPORT KOB

No. 9691

Part SRMC

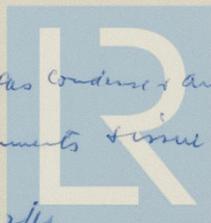

It is submitted that a certificate be prepared as requested with this Record.

+ LLOYD'S R.M.C. RS 11/61 fortimp. etc.

AT THIS SURVEY THE BRINE PIPES HAVE BEEN SATISFACTORILY TESTED TO OUTSTANDING TIMES THE WORKING PRESSURE AT THE BRINE CIRCULATING PUMPS.

The Surveyor should be informed it would appear the Aft gas condenser and Inboard gas evaporator require to be tested for completion of SRMC. Please forward comments & issue an approved certificate if necessary, with copy to this office.
