Oil Engine.

The Modified Survey of the Oil Engines became due on this vessel in July 1932, and the Screwshaft Survey in July last.

Action has been deferred from time to time and a letter has now been received from the Owners to the effect that there are no facilities for overhauling diesel engines in the Bahamas, and in view of this and the state of trade they are not disposed to incur the expense of the Modified Survey of the Oil Engines and they ask that the class be withdrawn.

The Classing Committee had the case before them on Tuesday, 19th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and Three Dots (...) inserted in lieu thereof, indicating withdrawal of Class at Owners' request.

21st December, 1933.
