27th April, 1951.

Dear Sir,

With reference to my memorandum of the 7th December and 9th February last respecting the Tug "PEMEX I", I shall be glad to learn, by return, whether you are yet in a position to state what arrangements are proposed to be made for the Boiler and Special Surveys, which became due at the end of October and January last respectively, to be carried out.

S.S. "OLANCHO"

I shall be glad to learn whether you are yet in a position to furnish me with a reply to the enquiries contained in my letter of the 23rd February last.

M.S. "RANDI BROVIC"

With reference to New York report No. 50265, I think it well to acquaint you that in February last the Committee agreed to the repairs to the bottom bitt being deferred until the vessel's arrival in the U.S.A. It is observed from the Shipping Papers that the vessel arrived at New York on the 22nd instant, and, in the circumstances, I shall be glad to learn whether the requisite repairs are now being attended to.

S.S. "URDANETA"

With reference to your letter of the 2nd ultimo I shall be glad to learn whether you are yet in a position to furnish me with any further information in regard to this case.

Yours faithfully,

The Principal Surveyor,  
NEW YORK.
