Mail Address:

P.O. Box 169.

The Secretary,  
London.

Dear Sir:

"BURDANETA" Cco. Rpt. 3216.

When in London in July last I discussed these screwshafts with Mr. R. Moffitt and learned that these shafts as now fitted are considered to have continuous liners and so the Notation C.L. in the Register Book is correct.

Yours very truly,

*C. Westbury*  
Surveyor.
