Valparaíso, 15th May 1959.

Mr.
R.A. Loraine
Engineer Surveyor
Lloyd's Register of Shipping
Valparaíso.-

Dear Sir,

In attention of what you said to the captain of my vessel "Carmelita", I have the honour of addressing you , with the finality of soliciting the reclassification of the vessel of my property, ex-Rio Verde.

The said vessel was classified with Lloyd's Register but the last owner, Cía. Naviera del Sud Ltda., determined to make some alterations, with the finality of increasing her capacity of cargo and change her from coal to oil.

Unfortunately, the said firm, did not bother to ask a new classification for the vessel, and now she is disclassified.

In my wish to rectify this omission, that gravely prejudice my ship, I come to ask you to ask your superiors from Lloyd's Register of Shipping, London, to consider my petition that a new classification be given to my ship.

Yours faithfully,

(signed) José González Hermoso
