WEST COAST AGENCIES LIMITED,  
MORMUGAO HARBOUR.

28th April, 1961.

The Master,  
SS. "POLLY",  
c/o Messrs. V.S. Dempo & Co., Ltd.,  
MORMUGAO HARBOUR.

Dear Sir,

According to a communication we have had from the Lloyd's Register of Shipping, London, your Owners had been informed on the 14th April 1961 that unless the following furnaces, namely:-

Port and centre furnaces of the port boiler  
Centre furnace of the centre boiler

are regauged and the results found to be satisfactory before leaving Mormugao, the Committee will have no alternative but to deal with the class. Though your vessel arrived here on 25th April we have so far had no application from you for a Survey to be held in respect of the above.

In the circumstances, we shall be glad to have your advices, if any, so that the Classification Committee of Lloyd's Register of Shipping in London may be informed.

We may add that we have requested Mr. R.G.R. Midford Chief Engineer, to conduct a Survey on behalf of Lloyd's Register of Shipping if you require same at this end.

Yours faithfully,  
Per Pro WEST COAST AGENCIES LIMITED,
