Lloyd's Register of Shipping.

Port of QUEBEC, P.Q.

31st July 1950.

This is to Certify that I have

Part

Surveyed the Boiler and Machinery of the Steel Single Screw Steamer
"CITE DE LEVIS" 1255 tons gross Register of Quebec whilst on the Marine Slip
Lanson and afloat in the outer Basin Quebec P.Q. on the 29th May 1950 and
subsequent dates on account of damage stated to have been caused through wire
fouling screw shaft, during the Winter Season 1949-50 whilst on regular ferry
services between Quebec and Levis P.Q.

and that I ~~have~~ ^{will} transmitted ~~to~~ to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I ~~have~~ ^{will}

Recommended that the record of B.S. 7,50 with notation T.S.
(C.L.) 5,50

be made in the Register Book in the case of this vessel.

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances
to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in
entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of
its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
