Lloyd's Register of Shipping.

Port LISBON

13th. February 1943

This is to Certify *that I have*

Surveyed the Boiler and Machinery of the S/S. "ALASKA" 5681 tons
gross of Haugesund whilst lying afloat and in drydock at Lisbon

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I have
Recommended *that the record of* +L.M.C. be retained

be made in the Register Book in the case of this vessel, subject
to the necessary examination and repairs on account of damage
being carried out on the vessels arrival at a U.K. port from
her present voyage.

(Signed) G.Dixon.

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
