LLOYD'S REGISTER OF SHIPPING,

RIO DE JANEIRO. 4th August, 1948.

Dear Sir,

"GUARARA", "GAARAREMA",
"GUARARU", "GUARABUAVA".

As stated in reports numbered 4283 and 4318 the Owners of the above named vessels intend to replace the existing steam engines and boilers by "Fairbank Morse" Diesel machinery. They have now informed me that the "GUARARA" is at Santos and they propose to commence the installing of the new machinery in this vessel.

I have requested them to furnish the drawings and open up the machinery as required by the rules for machinery not built under survey. In this connection I shall be glad to receive a supply of 12 report Forms 4b and six First Entry note books.

Lloyd's Agents at Santos have been requested to appoint a second Surveyor at that port to assist me in these surveys.

Yours faithfully,

(SGD) © 2020

Surveyor to Lloyd's Register.

The secretary,

LONDON.
