71, Fenchurch Street, E.C. 3.

3rd March, 1920.

Dear Sirs,

S. With reference to your report No. 12394 on the steamer "STRIVER", I have to acquaint you that the Owners have called at this Office asking to be furnished with the classification certificates as soon as possible. They stated that they had arranged with the builders as regards the fees. The builders in a letter addressed to this Office dated the 20th ultimo, state that they are agreeable to the certificates in question being handed direct to the Owners in this City. I therefore telegraphed you to-day as follows. viz:-

"STRIVER BUILDERS REQUEST CERTIFICATES BE HANDED SHIPPING
"INVESTMENTS LIMITED HERE STOP WIRE WHETHER FEES PAID
"IF NOT ARRANGE OBTAIN PAYMENT AND WIRE."

With regard to the fees for the machinery survey, I have to acquaint you that it is considered that this should be such as would be charged for a new vessel with 88 H.H.P., that is, £13.4.0. including first entry fees.

It is noted that you have rendered an account for a fee of £4.16.0, for the boiler, and an account for the remainder namely, £8.8.0. is being rendered to the Owners to-day.

I am, Dear Sirs,
Yours faithfully,

The Surveyors,

ABERDEEN.
