Dear Sir

In reply to your classing letter dated 7th inst., I beg to state with reference to the first entry machinery report on the steamer "Sheaf Spear", Sld Rpt. R 27417, that I had intended inserting in the space provided for engine room suction, - "5 @ 3" (the additional suction being at the forward end of the sea well)." but regret that I inadvertently omitted to do so.

I am, dear Sir

Yours faithfully

Sh. Davis

The Secretary,
London.
