Messrs. Lloyd's Register of Shipping,
NEWCASTLE ON TYNE.

Dear Sirs,

With reference to Mr. Norton's interview with us with regard to Special Survey to the "BOMBARDIER", we have made enquiries from the Superintendents who were in attendance at the conversion of this vessel and her sisterships, and they inform us that they have no communications whatever on the question of alteration of the Classification periods, and we ourselves have no knowledge of any negotiations. When the vessels were Classed in Lloyd's we fully understood the Special Surveys would become due, as for new ships, from the date of their conversion and we are sorry we cannot entertain any deviation from this.

Yours faithfully,

Thomas Edward Brown
