given on 27.7.56.

sed to be.....

* As there has been some difficulty in drydocking this ship
periodical surveys at a port where the Society is exclusively
represented, it was suggested to the Owners on the 31.7.56 that they
should relinquish classification with the Society.

The Owners requested on the 17.2.57 that class be reinstated
in view of a report received from Lloyd's Agents at Pointe Noire
stating to be a Special Survey.

The Lagos Surveyor advised on the 13.4.57 that a Special Survey
repairs should be carried out at Lagos by an exclusive surveyor
before reinstatement of class.

The new Owners now state the vessel will be classed only with
Bureau Veritas.

of Surveyors' recommendations.....
