1926  
This vessel became due for Annual Boiler Survey  
in June last and four shell plates require to be renewed before  
the end of the present year.

In reply to enquiry, the Owners now state that it  
is not their intention to maintain the steamer in the Society's  
Classification, and in the circumstances the Classing Committee,  
who had the case before them on Tuesday, 14th instant, decided to  
give instructions for the vessel's character to be withdrawn from  
the Society's Register Book and three dots (...) inserted in lieu  
thereof, indicating withdrawal of class at Owners' request.
