REC'D

INDEX

The Secretary,

London

Dear Sir,

I am in receipt to-day of your letter of the 28th inst. respecting the examination of the I. & L.P. cylinders of the steam-
"Garryowen II" and in reply I have to say that a letter dated the 26th inst. has ^{also} been received today from the Owners of the Vessel and they say that the cylinders can be inspected practically any time and if a few days' notice is given they will be able to have everything prepared for me when I tend visiting Limerick.

I have made enquiries and find that there is still no Railway service between Cork and Limerick and, in view of this, I have informed Messrs James Poannatypne & Sons, Ltd. that, if the Railway is open on my return from Limerick today on the 19th prox., I will arrange to travel to Limerick and make the required inspection about the middle of the following week.

In the meantime I shall be obliged if you will
kindly

2.

kindly arrange to have the Greenock report on the Vessel referred to in the Limitation List forwarded for my information in holding the Survey so as to reach this office on the 21st prox.

I am, Dear Sir,

Yours faithfully,
Herbert W. Dove.
