due 12-months' limit on I.P. & L.P. Cylinders (to examine)
expired 6,22.

In reply to enquiry the Queenstown Surveyor states he wrote to the Owners of the vessel on the 7th instant regarding the above matter, but that a reply has not yet been received, and he adds that it seems likely that his letter has not yet been delivered, or that, if the Owners have received it, they are unable at present to make any arrangements for the cylinders to be examined.

The Surveyor further states that railway trains have not been running between Cork and Limerick direct for some time past and that telegraphic and telephonic communication has been very uncertain.
