10 APR 1927
LONDON

LD 29.4.27

Dear Sir,

We beg to inform you that last week the steamer "GEORGIA" No.70613 in R.B. arrived at this Port and as the Boiler Survey was so long overdue we called on board in order to see how the case stands. The Chief Engineer informed us that the starboard boiler is open and clean and we took this opportunity to have same examined. On the following day the Captain notified us that the class of this Society is not longer required. In the absence of any written confirmation of the Captain we informed the Owners at Genoa.

We are now in receipt of a letter from the Owners (which we enclose herewith with translation) from which it will be observed that they have decided to renounce the class with this Society.

We are, Dear Sir,

Yours faithfully,

SURVEYORS TO LLOYD'S REGISTER OF SHIPPING
