ANSWER.

Date:— 7th April 1927

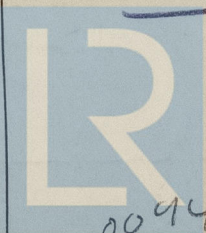

We have approached the Owners on a number of occasions regarding the carrying out of the Boiler Survey, and they advised us verbally that they propose to drop the class of this vessel as she is in a trade in which our class is of no value to her.

They have stated they will write to us or direct to you to this effect but so far they do not appear to have done so, and we are now writing them stating the vessel's position and explaining the advantages of retaining our class. As soon as we receive a reply we shall communicate with you.

You will remember that in the case of their "PERSIA" they recently requested the withdrawal of the class.
