Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

27th April, 1946.

Dear Sir,

S.

I am favoured with your letter of the 12th instant, Reference S.T.N.I.A., and have carefully noted the information you have now been good enough to supply in regard to vessels likely to be retained as commissioned units of the post-war fleet. In view of your remarks the Committee have now had before them the cases of the steamers "MONTCALM" and "MONTCLARE", and have given instructions for all particulars of these two vessels to be omitted from the forthcoming reprint of the Society's Register Book.

Yours faithfully,

Clerk to the
Classification Committee.
