Your Ref:- JJ/LAS/MSB.

71, Fenchurch Street, E.C. 3.

5th February, 1929.

Dear Sir,

I am favoured with your letter of the 4th instant respecting the s.s. "MONTCALM", and have to inform you that the scantlings of the main boilers of this vessel are such that the working pressure could be increased from 215 to 222 lb. per sq. inch, provided they are in satisfactory condition.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Chief Superintendent Engineer,

Messrs. Canadian Steamships Ltd.

8, Waterloo Place.

London, S.W.1.
