16th April, 1926.

Dear Sirs,

S.

I beg to inform you that your letter dated 19th February last addressed to the Society's Office at Genoa respecting the case of your steamer "RODI S." was duly forwarded to this Office by the Society's Surveyors at that port, who also state that they have been in communication with you in regard to the continuance of the classification of the steamer "ROSIGNANO" in the Society's Register Book.

Although when you first decided to commence structural alterations on the s.s. "RODI S." plans were approved and the Surveyors paid several visits to the vessel at Genoa after the work was commenced, it is understood that you have now finally decided to discontinue the classification of this vessel, as also that of the "ROSIGNANO" with this Society, and the Committee, who have had the cases before them, have now given instructions for the characters to be withdrawn from the Society's Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

I have to add that in view of the withdrawal of the classes of these vessels the records of the freeboard

Yours faithfully,
