Nature of Survey

When due

A proposal to carry out structural alterations to this vessel was agreed to in January last.

The Genoa Surveyors now state that several visits have been made to the vessel since the alterations were commenced, but they have been informed by the Owners that they have finally decided to discontinue the classification of this Society as they are required to class the vessel with the Registro Italiano.

It is submitted the vessel's class be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
