

Lloyd's Register of Shipping,

31-32, Oxford Street,

Southampton, 15th October, 1946.

RECEIVED
8 OCT 1946

ANSD.....

Dear Sir,

"BALAENA".
Whaling Factory.

The above vessel built at Harland & Wolff Ltd, Yard No. 1327, was partly examined at this Port between the 9th and 14th October, 1946, for completion of classification.

The Owner's Representative stated that outstanding items would be dealt with by the ship's personnel on the voyage to Capetown.

To complete the survey:

- (1) The Factory Electrical Equipment requires to be seen on completion as detailed in section 21 clause 12 and insulation tests made in these circuits.
- (2) General inspection of the vessel to ascertain that small details are completed.
- (3) To complete the spare gear for the Refrigerating Installation, lengths and bends of piping with screwing apparatus should be supplied.

We shall be obliged if you will notify the Cape Town Surveyors of the foregoing.

We are, Dear Sir,

Yours faithfully,

[Signature]
pro The Surveyors.

The Secretary,
LONDON.
