12,27 TS 12,27 CL
s.s.No.2-27
Cargo Battens not fitted

1500

M

The Boiler Survey became due on this vessel in August last, and the Bilbao Surveyors now state they are informed by the Owners that as they are obliged to have the Steamer inspected by the Spanish Government Authorities, they do not propose to maintain her in the Society's class, and thus incur the expense of two surveys.

The case received the consideration of the Classing Committee on Tuesday, the 11th instant, when it was decided to give instructions for the vessel's class to be withdrawn from the Register Book, and three dots (...) inserted in lieu, indicating withdrawal of class at Owners' request.
