

Motorship "INNESMOOR" and  
Diesel Electric Tug "LENAMIL"

These ships were recently purchased by Mr. W. Schuchmann who informed the Bremerhaven Surveyor that owing to currency restrictions he was compelled to transfer class to the Germanischer Lloyd. Following this intimation the Classing Committee on Friday last gave instructions for the classes to be withdrawn from the Register Book.

It transpires, however, that following consideration by the Chiefs of Staff, a letter had previously been written to the Bremerhaven Surveyor suggesting the Committee might be prepared to accept local currency under certain conditions.

It is submitted, therefore, that confirmation of the withdrawal of class in each case might be withheld pending a reply from the Bremerhaven Surveyor as to whether this decision would effect the Owners' request for their withdrawal.
