Dear Sir,

S.S. "HOLMSIDE"

Further to our letter of 13th October and yours of the same date advising us of the despatch of reports from the date of build, we have to advise you that we have been able to contact The Shamrock Shipping Company's Superintendent before his departure for London and he has perused these documents which we now return. The proposed visit to Head Office is now unnecessary.

Yours faithfully,
The Surveyors.
