# LLOYD'S REGISTER OF SHIPS

71, Fenchurch Street, London

Telegrams: Committee, Fen, London

20th January, 1959.

Telephone

Dear Sirs,

Fbd.

"DEGBI 11"

A Survey during the construction of the above ship was carried out by the Society Surveyors at Hong Kong and completed in August, 1958.

Assignment of the class +100A1 for service in the Solomon Islands, and issue of Load Line Certificates has been deferred pending receipt of a letter from you stating that the ship arrived undamaged in her trading area, and has been accepted by you.

It will be appreciated therefore if you will kindly advise me if this ship has now been taken over by you, in order that the class may be assigned and Load Line Certificates forwarded to you, as referred to in the above paragraph.

Yours faithfully,

pro Secretary.

Government of Fiji,  
Dept. of Public Works,  
FIJI ISLANDS.
