WARTIME SHIPBUILDING LIMITED,
420, LaGauchetière Street West,
MONTREAL.

October 11, 1946.

Mr. N. Dobson,
Chief Surveyor,
Lloyd's Register of Shipping,
231 St. James Street, West.
Montreal, P.Q.

Dear Sir:

Re "C" Type Coasters.

With reference to our telephone conversation of yesterday's date, re "C" Type Coasters, we wish to confirm that we prefer the inside of the shell plating under the boilers to be painted, but as your requirements call for cement, we are quite willing to cement all vessels that are not commissioned.

We are notifying all shipyards concerned to have this carried out.

Hoping this will be satisfactory.

Yours very truly,

Signed: S. Hutchinson

S. Hutchinson,
Chief Marine Engineer.

SH/C.
