On the 23rd June the Owners' Representative informed the Venice Surveyors that the ship was to be classed with the Italian Register and, in view of the ship's size and trade, dual classification was considered unnecessary. It was then proposed that the class be withdrawn at the end of July, 1959, the due date of the Special Survey

proposal

The Venice Surveyors are now informed that the Owners are re-considering the question of retaining this Society's Class. A final decision can only be achieved in six months time and it is therefore proposed to carry out a General Examination for postponement of the Special Survey for that period.
