Enclosure.

Dear Sirs,

m.s. "ALFRED PLYM"

I return herewith one copy of the revised plan, forwarded with your letter of the 3rd instant, in connection with the proposed lengthening of the above ship by 29'-6" and to raise the upper deck to the level of the raised quarter deck, and have to state that the scantlings and arrangements as shown and amended will be approved, provided they be carried out to your satisfaction.

The strengthening of the bottom forward should be made in accordance with or equivalent to the Rules, and the equipment should be in accordance with letter '1' - Table 53 of the Rules.

With the alterations now proposed, the new summer draught would be about 12.2' measured above top of keel. It is concluded the new forecastle bulkhead will be intact.

The duplicate plan is being retained for record and I shall be glad if you will deal with any detail plans for this proposal.

Yours faithfully,

pro Secretary.

The Surveyors,  
ROTTERDAM.
