Dear Sir,

"AARDENBURG", Amsterdam reports 16196 & 16228

With reference to your letter of the 28th ultimo I beg to state that, referring to a Secretary's letter to the Principal Surveyor in Holland of the 23rd August 1946, it was understood that only a midship section and a general arrangement plan were sufficient to be submitted for approval.

In this case only the general arrangement plan was available and it was necessary to bring the midship section into design.

As the plan of sternframe and rudder would also have been necessary to be designed it has not been requested for.

A rough sketch of the rudder was prepared, however, at the time and I beg to enclose a copy herewith.

Yours faithfully,

The Secretary,  
London.

1 enclosure.
