

Lloyd's Register of Shipping

231 St. James Street West,

AIR MAIL

Montreal.

November 16th, 1942

The Secretary,
LLOYD'S REGISTER OF SHIPPING,
High Close,
Wiltshire Road,
Wokingham - Berks.
England

Dear Sir;-

S. S. "FORT CATARAQUI" - Davie
Shipbuilding & Repairing Co's
HULL No. 538

Herewith enclosed please find the FIRST ENTRY Reports,
as undernoted, for the above Vessel;-

Report No. 1
" No. 4
" No. 5a (Copies Boiler Certs. 6380/1/2)
" No. 13
Casting Certificates (Hull)
Forging " (Machinery)
Copy of Interim Certificate (Hull)
" " " " (Mach.)
Certificates for Steam Auxiliary Engines &
Generators -

It will be noted from the Boiler FIRST ENTRY Report that the Boilers for this Vessel were built by Messrs. Canadian Vickers Limited, under the supervision of the British Corporation Surveyors. These three (3) Boilers replace three (3) Boilers made by Dominion Bridge Company Limited under the supervision of this Society's Surveyors, and installed in the S. S. "FORT ABITIBI".

It was agreed with the British Corporation Surveyors in Montreal and ourselves that our Societies would charge the full Survey Fees for the Vessels concerned, and thus avoid cross-charging each other. We trust that this action will be found in order.

We are, Dear Sir,

Yours faithfully,

Whiddell
SURVEYOR
