Shipbuilders: Messrs.

Yard No.

Engineers: Messrs.

Engine No.

Mr Macconn's letter dated 19th July 1968.

It is submitted the following be added with reference to the machinery installation.

The machinery installation of these ships was constructed and installed under special survey. The boilers and main machinery scantlings are suitable for the service proposed.

Some amendments may be required to the pumping and piping arrangements to bring the ships up to the present requirements.
