S/S "OAKLEY L. ALEXANDER" N.Ns.Rpt.#6241.

Dear Sir:-

In reply to your letter of June 2nd, regarding the above vessel. As you are no doubt aware, this vessel is only running Coastwise, and the Owners consider it much more convenient to have the propeller stored ashore, than on board the vessel; and as this meets with the Rules requirements, I did not consider it necessary to take this matter up with the London Office.

Yours faithfully,

James Sims
