

Lloyd's Register of Shipping,

Saint John, N.B.

P. O. Box 658

June 4th, 1943.

"S"

The Secretary,  
Lloyd's Register of Shipping,  
Wokingham, Berks.

Dear Sir:-

S.S. "ROCKWOOD PARK"

With reference to your Classing Letter of 7th ultimo, it is confirmed that a horizontal girder has been fitted to the after peak bulkhead at about 19 feet above the base line and it is regretted that this was not stated on the First Entry Report 313.

As this item also refers to particulars on First Entry Report 364 for S.S. "DARTMOUTH PARK", it will be appreciated if this correction be made on both Reports.

A request for copies of Electrical and Boiler Reports has been received from the New York office and these have been forwarded.

I am, Dear Sir,

Yours faithfully,

*R. M. Scott*

Surveyor.
