LLOYD'S REGISTER,
LONDON.

25th Sept. 1918.

REC'D SEP 26 1918
ANS'D

Dear Sir,

In reply to your classing letter of the 24th instant I beg to state that the main steam pipes of the s.s. "WAR PIGEON" (Middlesbrough Report No 10202) are made of "lap welded steel" and were tested at Glasgow to 540 lbs per square inch, and regret that these particulars were omitted from the report.

The report on the electric light of this vessel is being forwarded by the same post as this.

I am, Dear Sir,

Yours faithfully,

Wm Morrison

The Secretary.

London.
