Our File: 19400-16

The Principal Surveyor,
Lloyd's Register of Shipping,
759 Victoria Square,
Montreal 1, P.Q.

Dear Sir:

Re: "CANADIAN OBSERVER"

We submitted a copy of your letter of January 23rd to our expert Surveyors, Messrs. G.T.R. Campbell & Company, and they have written us as follows:

"From perusal of the Lloyds Register of Shipping letter dated January 23rd 1962, it would appear that they might not be adverse to stating that the Owners had followed normal established procedure, and under circumstances existing at that time, had fulfilled all classification requirements for the good maintenance of the vessel. If this statement could be obtained, it would probably be of some assistance."

Would you be prepared, under the circumstances, to give us the statement suggested?

Yours very truly,

Beauregard Brisset Roycraft & Chauvin
