Dear Sir:

We are enclosing herewith the FIRST ENTRY Reports for the above vessel. Following is a list of the enclosures:-

Also please find enclosed our account for \$3500.00 which covers the Classification and Supervision fees for this vessel, which are to be collected in London. (See your letter to the Principal Surveyor, New York, dated 18th June 1942).

You will note that the fees on the Reports enclosed with this letter total \$3400.00. The remaining \$100.00 is for the Freeboard Assignment, the Reports for which were forwarded to the New York Office on the 31st March 1942. No doubt these Reports have now reached you and we would be obliged if you would kindly correct the fee to read \$100.00 instead of \$85.00. The necessary steps are being taken to correct the entry made in the Rough Fee Book here, and to refund the amount of \$85.00 collected from the Builders of the vessel for the Freeboard Survey.

We remain, Dear Sir,

Yours faithfully,

W. G. Pidditch
Surveyor.
