Sir, **S.S. "MIRAFLORES"**

We are in receipt of your letter of
22nd instant, the contents of which we
noted.

We regret, however, that we are not
position to give you any definite
information as to the carrying out of the
steamer's Boiler Survey. The vessel
has not been on this side for many months,
having traded from N. America to Marseilles
back to America, and the last news we
received was that she left Boston on the
instant for Yokohama, where we believe
she will be handed over to new Owners.

Her present Owner is now in New York.

Yours faithfully,
DRACOU LIS, LIMITED.
