The Secretary, S.

Dear Sirs,

We have received your letter dated 9th December and beg to confirm that the ferro concrete vessel "Gretecove" probably will become our property one of the first days in the next week.

We have contracted this ship to be delivered and taken over here in Brevik and as she arrived here yesterday night we will take her over when the inspection has been held.

The Vendors are Messrs. Stelp & Leighton, 180 Piccadilly, London.

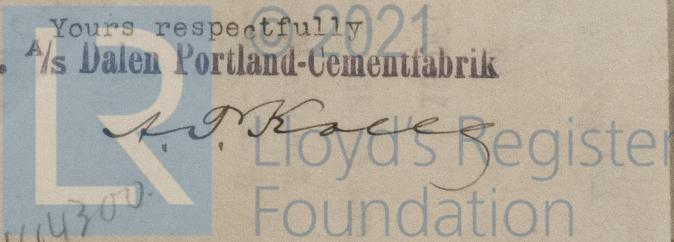

We intend to have the barge stationed here in our harbour as a cement-store and do not wish any classification whatever further on.

We are glad to state that this ferro concrete ship has passed a very strong test during her journey from Newcastle. She sailed therefrom on Thursday the 4th inst and has had an extremely hard, stormy and rainy weather, which she is reported to have stood quite well.

We remain,

Dear Sirs

Yours respectfully
pr. A/S Dalen Portland-Cementfabrik

APK/NN.
