Received from Chief Ship Surveyor

SHIP'S NAME m.v. 'ORCA' ex L.C.F. 12 REPORT Cpn. No. 12881

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement." - Extract from Sub-Committee's Report, 24/5/92.)

For recommended class see previous endorsement 6.12.49.

The COPENHAGEN Surveyors report (11.49), this ship damaged by a mine explosion, and subsequently examined afloat at Nakskov and later on a pontoon at Svendborg. Temporary repairs were effected to enable the ship to proceed under tow and without cargo to Rotterdam, where she will again be dry docked for permanent repairs.

The ROTTERDAM Surveyors have been informed accordingly.

IT IS SUBMITTED ACTION as regards CLASSIFICATION be DEFERRED pending the carrying out of permanent repairs.

OK'd. 6.12.49.

Lloyd's Register Foundation

It is now proposed to re-engine this ship & convert her from twin screws to single screws with other major hull alterations accordingly all action as regards classification should be deferred
