

15th November, 1949

Dear Sirs,

M.V. ORCA (ex L.C.F.)

M

With reference to the recent enquiries regarding the file of correspondence for the above ship, it is understood that this file was sent to this Office on the 20th October. A careful search has been made, but so far no trace can be found of the file, and I shall therefore be glad if you will inform me whether or not the correspondence was sent in reply to a telephonic request, and if so by whom it was requested. It would also be helpful if you could state whether the papers were sent, together with other documents, and if it was addressed to the Secretary, a Department, or an individual.

I have to add that the file does not appear in the list brought by Mr. McKinley on the 24th October.

Yours faithfully,

The Surveyors,
Lloyd's Register of Shipping,
