18.9.57. *CDM*

It should be pointed out to the Kingston Surveyor that his recommendation that the class be made subject to the survey being completed at the first opportunity is not in order. His recommendation should have been that the vessel will be eligible for the record MBS 8.57 when the survey has been completed. It should be explained to the Surveyor that it is the sole prerogative of the Committee to determine when a periodical survey is to be completed.
