

COPY. Secretary

Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

14th August, 1924.

Dear Sirs,

S.S. "SAINT ROMINIQUE".

D. I was duly favoured with your letter of the 12th instant, regarding the date of build of this vessel.

In reply, I am directed to point out that the vessel was launched on the 25th February, 1921, and has been officially registered at the Custom House with that year as the date of build. In July, 1922, when the first entry report was dealt with by the Committee, they agreed in the special circumstances to give the vessel a later date than she was entitled to by the Society's Rules, and instead of inserting August, 1921, as the date of build they extended the date until January, 1922, and it is regretted that it is not possible to further extend this date.

I am, Dear Sirs,

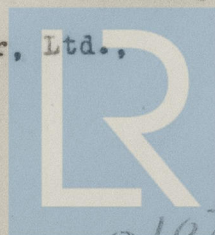

Yours faithfully,

Secretary.

Messrs. Livingstone & Cooper, Ltd.,

HESSLE,

Hull.
